

## Healthcare Information and Management Systems Society Foundation/HIMSS Foundation Scholarship Program

The Foundation Scholarships can be awarded to undergraduate, Masters or PhD students enrolled in a program related to the healthcare information and management systems field. In addition to the \$5000 scholarship award, the winner also receives an all-expense paid trip to the Annual HIMSS Conference and Exhibition. Applicants must be member in good standing of HIMS. Primary occupation must be that of student in an accredited program related to the healthcare information or management systems field. The specific degree program is not a critical factor, although it is expected that programs similar to those in industrial engineering, operations research, healthcare informatics, computer science and information systems, mathematics, and quantitative programs in business administration and hospital administration will predominate. Undergraduate applicants must be at least a first-term junior when the scholarship is awarded. Previous Foundation Scholarship winners are ineligible.
