

American Physiological Society/APS Undergraduate Summer Research Fellowships

Fellowship supports full-time undergraduate students to work in the laboratory of an established investigator who is an APS member. Must have less than 9 months of prior research experience in a physiology lab and a minimum GPA of 3.0. Special consideration is given to applicants whose socioeconomic background, access to educational opportunities, and other life experiences suggest that they would especially benefit from this type of program. See APS website for full details.
