

Plan New Hampshire/Plan New Hampshire Scholarship and Fellowship Program

Plan NH, in partnership with the NH Charitable Foundation, offers scholarships and fellowships to students who call New Hampshire home and are studying a field related to planning, design and/or development of the built environment in an accredited school anywhere in the world. Applicants must have at least one semester of college or equivalent completed before application. Scholarships are available for students at colleges, universities and tech schools; fellowships are available for grad students of architecture. This is a competitive process for funding from several sources.
