

## AWeber Communications/AWeber Developing Futures Scholarship

The AWeber Developing Futures Scholarship, which grants a \$2,500 scholarship to one college student each year, is awarded to undergraduate students studying in the Business/Marketing/Communications fields, as they pursue their educational and professional goals. It is AWeber's mission to help entrepreneurs and small business owners be successful as they connect with and grow their communities. As part of that mission, we know that drive is something that is nurtured over time--and it all begins with investing in the young individuals who will be the entrepreneurs, business owners and hard-working professionals of the future.
