

Renoviso/Renoviso Dream Home Design Scholarship

The Renoviso Dream Home Design Scholarship enables students to describe their ideal home improvement project. The scholarship will be awarding one student \$2,000 to put towards his or her education. From tuition costs to dining and textbooks, the scholarship money can be used to cover any expenses. Eligible students should submit an essay to scholarships@renoviso.com answering the prompt: 'If you were a homeowner, what's the one home improvement project you'd choose to complete and why?' This can be a fictional or real example. For instance, would you upgrade your kitchen cabinets and counters because you love entertaining? Would you fix your roof because of your area's harsh winters? Or would you buy a set of new windows for energy-efficiency? Essays will be judged based on the following criteria: content, style, and creativity. One essay per entrant only. Please include your name, mailing, email address, phone number and documentation of your current or upcoming enrollment in an accredited U.S. college or university. The winner will be featured on Renoviso's blog. We will post his or her name, photo, school they are attending, along with the winning essay. Application materials should be emailed to scholarships@renoviso.com. One applicant is awarded a \$2,000 scholarship.
